

Kyle Johnson

Fort Worth, TX | 480-469-7772 | kylejj19@gmail.com | [LinkedIn](#) | [Portfolio](#)

Software Developer with hands-on experience in C#, Java, SQL, and web development. Skilled in object-oriented programming, multithreading, GUI design, and database integration. Recently earned an A.A.S. in Computer Programming Technology with practical project experience across the full development lifecycle.

TECHNICAL SKILLS

Languages: Java, C#, C, HTML, CSS, JavaScript

Databases: MySQL, SQL Server, SQLite, Google Firebase

Tools: Visual Studio, VS Code, IntelliJ IDEA, NetBeans, GitHub, Unity

Design: Figma, Adobe Photoshop

PROJECT EXPERIENCE

Keyboard Vault — *Inventory & POS Application*

C# · SQLite · Windows Forms

- Built a desktop POS system with role-based authentication, account creation, product browsing, shopping cart, and real-time inventory updates.
- Added manager tools for product, pricing, discount, and sales/returns control.
- Applied multithreading for smooth, high-volume performance, improving inventory accuracy and transaction efficiency.
- GitHub: github.com/Kylejj1996/Keyboard-Vault-Application

Travel Stay — *Lodging Reservation System*

Java · Microsoft SQL Server · IntelliJ IDEA

- Developed a lodging management app with secure login, booking history, and lodging management (updates, images, availability).
- Created customer features for browsing, booking, and viewing lodging details.
- Implemented a Java Swing GUI with OOP design, threading, and SQL Server integration for fast database operations.
- GitHub: <https://github.com/Kylejj1996/Travel-Lodging-Java>

WORK EXPERIENCE

Lead Server / Key Manager — *The Social House, Fort Worth TX*

Mar 2021 – Present

- Supervised and trained staff to maintain consistent performance in a high-pressure environment while fostering a collaborative and supportive work culture.
- Managed sales reporting, cash handling, and customer service with accuracy, attention to detail, and strong problem-solving skills under tight deadlines.
- Adapted quickly to shifting priorities and resolved issues efficiently to ensure smooth operations and customer satisfaction.

EDUCATION & CERTIFICATIONS

Texas State Technical College — *A.A.S. in Computer Programming Technology*

Graduated Aug 2025 · GPA: 4.0

- Software Developer (CER1) – *Apr 2025*
- Java Developer (CER2) – *Apr 2025*
- Mobile App Developer (CER2) – *Apr 2025*
