.....  
[Texas Roadhouse, Mansfield TX](#) - *Server Trainer*

Jun 2016 - Mar 2021

- Trained new servers in a high-volume, fast-paced environment.
- Developed engaging and effective training approaches aligned with company standards.
- Recognized for reliability, team collaboration, and leadership under pressure.

## PROJECTS

---

[Keyboard Vault](#) - *Inventory & POS Application*

C# · SQLite · Windows Forms

Developed a desktop-based inventory and POS system for the consumer electronics industry as the final project for my A.A.S. in Computer Programming Technology. Features include role-based login, secure account creation, real-time stock updates, shopping cart, returns processing, and HTML-based managerial reports. Implemented multithreading to improve performance and ensure a responsive UI during intensive operations.
